## WHY CHOOSE GEBERIT AQUACLEAN? THE LUXURY OF PERFECT HYGIENE, POWERED BY **SWISS PRECISION**

With the simple touch of a button, AquaClean elevates your daily routine into a spa-like ritual—delivering a touch-free, refreshing, shower-like cleanse every time you use the toilet.

What has long been a matter of basic hygiene now becomes a moment of indulgence. Engineered with world-class craftsmanship, AquaClean is more than hygiene; it is a statement of luxury, comfort, and modern living. For those who value both tradition and innovation, AquaClean offers unmatched convenience—redefining what it truly means to feel fresh, confident, and perfectly clean.

### **WHAT IS A SHOWER TOILET?**

At first glance, modern shower toilets are virtually indistinguishable from the traditional alternatives since the spray arm is found in a well-protected park position. All you have to do to start the shower procedure is simply touch a button and the spray arm emerges from its park position. Within just a few seconds, a pleasant, body-temperature water jet starts to clean you. The patented WhirlSpray shower technology makes for a particularly thorough cleaning experience with minimal water consumption.

GEBERIT AQUACLEAN. THE SHOWER TOILET.

# PRESS THE BUTTON, EXPERIENCE THE WHIRLSPRAY FEELING

As gentle as summer rain and as light as a feather: the refreshing sensation of a shower spray comes from the perfect blend of technology and comfort. Enjoy an unparalleled water experience today.

[www.geberit.in/whirlspray](http://www.geberit.in/whirlspray)

Moments of pure relaxation and gentle care create a luxurious spa sensation with the unique WhirlSpray shower technology.

Experience the supreme feeling of freshness and cleanliness that lasts all day long.

#### **WATER AND AIR COMBINED**

The secret to Geberit's patented WhirlSpray shower technology is the interplay of warm water and pure air. Its delicate, effervescent shower spray creates an incomparably soothing shower experience that also offers a gentle and thorough clean.

The comforting warmth of the shower spray refreshes your senses each and every time. It delivers the perfect temperature from the moment you press the button until the end of the shower experience.

Gentle cleaning made simple: the high precision water guide of the WhirlSpray cleans exactly where it's needed. The intensity and alignment of the water jet can be customised as required.

# GOOD REASONS FOR A SHOWER TOILET FROM GEBERIT

Product designer Christoph Behling.

## IMPRESSIVE DESIGN

Innovated by product designer Christoph Behling, Geberit AquaClean shower toilets blend harmoniously into any bathroom. The compact technology of the AquaClean Mera, Sela and Alba shower toilets allows for a slimline design that exudes simplicity and elegance.

## EXCEPTIONAL QUALITY AND SERVICE

Geberit introduced the first WC with spray functionality back in 1978, and the company has built up quite the portfolio of in-depth expertise over the last 40 years and counting. Anyone who has ever purchased a Geberit shower toilet can attest to the long-lasting enjoyment they offer. What's more, with the help of our outstanding customer service, in-app remote service options, and our own highly trained Geberit sanitary specialists, we ensure top-class product support with your purchase and well beyond.

Assembly of shower toilets.

## MOUNTED IN SWITZERLAND

Centrally located at Geberit's Rapperswil-Jona headquarters in Switzerland, over 100 employees are responsible for the highly precise and reliable assembly of all Geberit shower toilets. Our products comply with European standards and benefit from short transport distances thanks to our central assembly site.

In the Swiss town of Rapperswil-Jona in the heart of Europe.

## LONG-TERM WARRANTY

Offering durable products, premium materials and reliable spare parts, the Geberit brand is synonymous with only the very best quality. Customers also have the option of signing up for an extended warranty to ensure even more product enjoyment for many years to come.

GEBERIT AQUACLEAN

# THE MODELS AND THEIR ADVANTAGES

Geberit AquaClean shower toilets are available in a wide range of models and design standards. Discover the perfect model for you.

### FOR THE PERFECTIONISTS

The top model of Geberit shower toilets is the AquaClean Mera. It offers all the functionality you could possibly want and is the bestselling shower toilet in Europe. In addition to the spray functionality (including lady shower), it also offers a wide range of other convenient features ranging from WC seat ring heating and automatic toilet lid opening through to a warm air dryer.

**BEST-SELLERS**

GEBERIT AQUACLEAN MERA

# FRESH AND CLEAN AT THE TOUCH OF A BUTTON

## GENTLE PERSONAL HYGIENE

The additional shower spray of the gentle lady shower ensures safe personal hygiene with pure water. The nozzle integrated in the spray arm remains protected when not in use.

## FRESH AIR IN THE BATHROOM AT ALL TIMES

The odour extraction unit serves to eliminate unpleasant odours before they can spread. The system starts automatically as soon as someone sits down on the shower toilet.

## GENTLE DRYING

When it comes to gentle drying, the warm air dryer offers the perfect solution with five individually adjustable temperature settings.

## PERFECTLY USER-ORIENTED

The built-in proximity sensor allows functions such as water heating, heated seat and the orientation light to start automatically.

## PERSONAL WELL-BEING PROGRAMME

All of the shower toilet functions can be controlled in an instant. The remote control offers a quick overview and allows all actions to be taken with one hand. A push of a button is all it takes to call up personal settings.

## COMPREHENSIVELY CLEAN

The oscillation function gently moves the spray arm back and forth for even more thorough cleaning.

[www.geberit.in/aquaclean](http://www.geberit.in/aquaclean)

## PRIMARILY TOUCHLESS

The toilet lid opens and closes automatically thanks to the proximity sensor.

## PERFECT CLEANLINESS

For the last 40 years, Geberit has been continuously perfecting the spray functionality along with the centrepiece of every shower toilet: the shower spray.

The innovative WhirlSpray shower technology enables particularly thorough and pleasant cleaning thanks to the dynamic aeration.

## SUPERIOR COMFORT

The ergonomically optimised WC seat made of high-quality thermoset has integrated seat heating.

## SOFT NIGHT TIME ILLUMINATION

A discreet, automatically activated light in seven selectable colours and five brightness levels assists orientation at night.

### 1 WHIRLSPRAY SHOWER TECHNOLOGY

Relax and enjoy the pleasant spray functionality courtesy of the patented WhirlSpray shower technology. This shower spray is refined by means of dynamic aeration for targeted and thorough cleaning with low water consumption to leave you feeling fresh and clean all day long.

### 2 TURBOFLUSH TECHNOLOGY

Based on a flow-optimised rimless WC ceramic developed by Geberit, the innovative TurboFlush technology enables particularly quiet and thorough flushing. This means you can flush the toilet at any time without annoying noises – even at night. And because the TurboFlush technology flushes the toilet cleaner than a normal flush, the traditional toilet brush is virtually no longer required after using the toilet.

### 3 ODOUR EXTRACTION UNIT

Who wants unpleasant smells to linger in the bathroom? With the automatic, low-noise odour extraction unit, unwanted odours are absorbed directly inside the WC ceramic appliance and eliminated by means of a ceramic honeycomb filter. What's more, since the system runs for two minutes, no additional fan is required.

### 4 DRYER

Dry, harsh toilet paper does not feel pleasant. Fortunately, this is where the touchless warm air dryer offers the perfect solution for a gentle drying experience. The dryer arm automatically aligns with the most recent position of the spray arm for optimal drying performance. As for the temperature, this can be set at five different levels.

### 5 HEATING THE WC SEAT

If you're someone who appreciates a heated car seat in winter, you will love the sensation of a warm shower toilet seat. This heated seat offers a wonderfully cosy and relaxing experience. The individually adjustable heating function is available immediately.

### 6 ORIENTATION LIGHT

The subtle orientation light is just bright enough to guide the way at night and makes it easier to fall asleep afterwards. Activated by the proximity sensor, it lights up in one of seven selectable shades and five brightness levels.

### REMOTE CONTROL / WALL-MOUNTED CONTROL PANEL

All shower toilet functions controlled in an instant, with the remote control and the wireless, freely positionable wall-mounted control panel providing a quick overview. The intuitive operability allows all actions to be taken with one hand using either control. Four user profiles can be stored on the elegant remote control. The wall-mounted control panel is available in white and black.

### AQUACLEAN FUNCTIONS IN THE GE BERIT HOME APP

Just like other Geberit products, the shower toilet functions can be conveniently controlled via the Geberit Home app. This effectively transforms your smartphone into a remote control, which allows you to save all of your personal settings and take them with you on your travels.

GEBERIT AQUACLEAN SELA

# BEAUTIFULLY CLEVER

With its purist, elegant design, Geberit AquaClean Sela is sure to become a firm favourite. The shower toilet is characterised by its clear expression of form, combined with the highest quality materials, such as the one-piece ceramic appliance. AquaClean Sela offers extremely simple, intuitive functions and integrates into virtually any bathroom without standing out as a shower toilet.

GEBERIT AQUACLEAN ALBA

# PLEASANTLY SIMPLE

Introducing the AquaClean Alba shower toilet: Geberit's simple yet elegant addition to the AquaClean product family that makes for the perfect entry-level model. Its fundamental functions coupled with a sleek and elegant design make it the perfect addition to any bathroom. The AquaClean Alba features the revolutionary and patented WhirlSpray shower technology. As for the effective TurboFlush technology, this ensures particularly quiet and thorough flushing out of the rimless WC ceramic appliance.

DIGITAL SUPPORT

# MORE FLEXIBILITY FOR YOU

The Geberit Home app transforms any compatible smartphone into a remote control for AquaClean shower toilets. All functions can be carried out and saved via the app, and even software updates are quick and easy. The in-app video clips also provide ingenious tips and tricks for maintenance and care.

## BENEFITS

- Operate your Geberit AquaClean shower toilet with your smartphone
- Configure personal settings on your appliance
- Save your personal settings
- Access helpful information about care and maintenance
- Watch functionality videos

The Geberit Home App can also be used for other Geberit products like e.g. the Geberit DuoFresh odour.

EXCEPTIONAL  
SERVICE, NEAR  
OR FAR

Simple and thorough cleaning thanks to rimless ceramic  
↓

**KeraTect®**

# HYGIENE MADE EASY

## THANKS TO INTELLIGENT TECHNOLOGY

Hygiene and cleanliness are the top priorities in the development of AquaClean shower toilets. This is also reflected in the use of scratchproof KeraTect, which provides years of protection for the ceramic surfaces and allows them to be cleaned efficiently.

Even the nozzles are easy to clean, replace and renew.

← Automatic descaling programme

← Remove the WC seat and lid in a single easy step

← Pre flush and post flush of the spray arm with every shower procedure

### RIMLESS WC CERAMIC WITH TURBOFLUSH TECHNOLOGY

With its globally unparalleled flushing-out performance, the TurboFlush technology flushes more cleanly, more economically, and much more quietly than a normal flush. The innovative technology also cuts down significantly on cleaning effort and means the traditional toilet brush is no longer required after using the toilet.

### SIMPLE REMOVAL OF SEAT AND LID

The QuickRelease function allows the WC seat and lid to be removed effortlessly in a single step to make cleaning quick and easy. The fastenings also remain free of deposits.

### DESCALING

A specially developed descaling programme removes deposits from all water-bearing parts making descaling easy. The remote control and the control panel both show when descaling is required.

### CONSISTENTLY CLEAN

The automatic pre- and post-cleaning process ensures that the spray arm itself is really clean. The spray arm is automatically rinsed with fresh water before and after each use and the spray nozzle is also rinsed clean with water in its park position.

### RIMLESS WC CERAMIC APPLIANCE

The WC ceramic ensures perfect hygiene. Thanks to its optimised water guide, the entire inner ceramic surface is completely rinsed for much easier cleaning. And since it is rimless, there are no hidden areas where deposits can build up.

Quick installation: the components in front of and behind the wall complement each other perfectly.  
↓

# THE GEBERIT WC SYSTEM

## SEAMLESSLY INTEGRATED INSTALLATION

Geberit's entire range of products for the WC area is designed to fit together perfectly, from the shower toilet and actuator plate in front of the wall to the cistern and fastening behind the wall. Sanitary professionals can effortlessly combine all the necessary components and have the shower toilet installed in no time. All that's required for a shower toilet is a water supply and an electrical connection. Installing a shower toilet doesn't take much longer than installing a conventional toilet.

Required flush performance according to the DIN EN 997:2018 standard

Geberit WC with TurboFlush: up to 10 times better than the standard

↑  
**QUIET FLOW RATE**  
The specially optimised water guide in the WC ceramic appliance significantly reduces flushing noises. That's great news for you, anyone you live with, and even your neighbours.

## FOR LASTING PRODUCT SATISFACTION

Proven quality and long-term spare parts availability:

**50** YEARS OF SPARE PARTS AVAILABILITY

Fifty years spare parts availability for all replaceable mechanical parts of the concealed cistern and actuator plate. This does not include certain functions of electronic products such as the DuoFresh odour extraction unit.

**TRIED AND TESTED**

All components of the Geberit WC system are carefully developed and extensively tested in our own laboratories. This means our customers can rely on perfect functionality and high quality.

→  
**OUTSTANDING FLUSH PERFORMANCE**

Powerful, quiet and thorough: in addition to the unique shower spray, Geberit shower toilets also feature innovative flush technology. The asymmetrical inner geometry of the toilet ensures a flush performance that is 10 times better than the standard requirements.

THE GEBERIT AQUACLEAN ALL-ROUND SERVICE PROMISE

# TRUST IN PREMIUM QUALITY

When you buy a shower toilet, you want a perfectly equipped product. You also want to be able to count on a complete service package. This is why Geberit offers a comprehensive service promise designed to offer all-round support.

## OUR SERVICES MAKE YOUR PURCHASE DECISION EASIER

### YOUR NEEDS - OUR SERVICE

Further information is available on our website or in our brochures.

Try a product for yourself and experience the feeling of maximum freshness: your showroom consultant knows exactly where you can test out an AquaClean.

## OUR SERVICES FOR QUICK INSTALLATION IN YOUR HOME

### QUICK & CLEAN INSTALLATION

Rarely has a conversion ever looked so clean: clever solutions ensure that your sanitary professional can carry out their work quickly and cleanly so that your bathroom is ready to use again in just a few hours.

The controls for all Geberit shower toilets are entirely self-explanatory, allowing you to get started immediately after installation.

## OUR AFTER-SALES SERVICES OFFER COMPLETE PEACE OF MIND

### RELIABLE OPERATION

The easy-to-clean design and material contribute to a well-maintained shower toilet at all times.

Our helpful videos are designed to support you with step-by-step instructions for cleaning, care and maintenance of your shower toilet.

Troubleshoot the device from the comfort of your own home thanks to our unique remote maintenance service.

### GEBERIT AQUACLEAN: BRAND QUALITY IS ALWAYS WELL RECEIVED

Established brands provide all the reassurance you are looking for when deciding to buy a high-quality product.

After recognising this need for more hygiene and cleanliness early on, Geberit launched the first WC with spray functionality as early as 1978. Over the last four decades, Geberit has been consistently working on the further development of technology and the entire shower toilet experience.

With an above-average warranty period of at least 2 years and 10-year spare parts availability, you can feel safe in the knowledge that your chosen product will bring you long-term satisfaction.

Additional features of all models can be found on page 38

### Application purposes

- For convenient toilet use
- For gently cleaning the anal and vaginal areas with water

### Technical data

Protection degree	IPX4
Nominal voltage	230 V AC
Mains frequency	50 Hz
Power consumption standby max.	0.5 W
Flow pressure	0.5–10 bar
Operating temperature	5–40 °C
Water temperature, adjustment range	34–40 °C
Minimum flow pressure	0.5 bar
Calculated flow rate	0.02 l/s
Spray time	50 s
Load WC seat max.	150 kg

### Scope of delivery

- Water supply connection set for Sigma and Omega concealed cisterns 12 cm, installation height 112 cm
- Female socket for mains connection
- Sound insulation set
- Descaling agent, 125 ml
- Cleaning set
- Remote control with wall-mounted case and battery CR2032
- Fastening material
